1. The following question along with the corresponding answer is provided to all offerors:

QUESTION: 1

The problem we face is that the language in the current solicitation essentially eliminates any competition for the work. Requiring 35 resumes for the effort, although difficult, is not the major problem. The real sticking point is the requirement for a minimum of 90% (50 of the 56 manyears) of the personnel to be direct charged to the contract being within one hour driving time of NSWCDD. I am not aware of any Navy facility that is within one hour driving time of Dahlgren. Therefore, essentially the entire staff must be relocated to Dahlgren and any potential cost savings associated with utilizing people already located at the projected destinations listed in the solicitation (we have facilities in nearly every location listed) is precluded as well as the benefit of implementing an Integrated Data Environment. If the mandatory resume and location requirements were relaxed and an extension granted we would be interested in bidding on this opportunity.

ANSWER: 2 Under SECTION – H SPECIAL CONTRACT REQUIREMENTS on page 28 of the solicitation, Mandatory Requirements for paragraph (1) Workforce Location is changed as follows: **(Change in Bold)**.

G.1 Workforce Location - A minimum of **75%** of all personnel who are to be direct charged to this contract must be located within one hour driving time of NSWCDD, Dahlgren, VA. The contractor's primary facility supporting this acquisition is to be located such that the contractor can respond to a requirement and have his personnel at NSWCDD, Dahlgren, VA within 60 minutes by surface transportation.

The solicitation will not be extended.
